

RMCC Receives Gift of 50 Crape Myrtles

RMCC recently received 50 trees from Dallas Avenue Baptist Church and Betty Putman. The crape myrtles are planted across the Mena campus as the College works on replenishing their landscape.

According to Brenda Gillogly, RMCC VP of Administration, the College lost hundreds of trees in last year's tornado, and the crape myrtles are a welcomed addition as trees and plants are being acquired to enhance the beauty of the College grounds.
