

Emerson Motors Technologies Contributes to Endowed Fund with RMCC Foundation

Emerson Motor Technologies recently contributed \$3000 toward their endowment fund with Rich Mountain Community College's Foundation. The gift is toward a second scholarship for the U.S. Electrical Motors Endowed Grant. The endowed grant provides students who are children or grandchildren of U.S. Motors employees with financial assistance if attending RMCC, and the application process for students goes through the RMCC scholarship committee for selection.

Pictured are Dr. Wayne Hatcher, RMCC President; Chris Irons representing Emerson; and Jaclyn Keeter, RMCC Director of Development. Details about RMCC scholarship availability can be obtained from the financial aid office at 479-394-7622 x 1420 or the development office at 479-394-7622 x 1212.
