

On Monday, October 24, 2011, three Rich Mountain Community College students assisted with the flu form data entry for the Polk County Health Unit annual mass flu clinic. The local health department partnered with the RMCC Business Education Department to secure volunteers to assist with keying in the flu forms into their state approved system. The Polk County Health Unit Administrator, Brenda Huff, recognized the students with a certificate of appreciation for their leadership and effort in providing this valuable service to the Polk County Health Unit. Sherry Baker (far right), RMCC Business Instructor is pictured with the recognized students: (l to r) Tina LaShum, Kimberly Lane, and Callie Britt.
