

Spring 2011 Job Fair Huge Success

On Thursday, May 05, 2011 the RMCC Career Pathways and Lifelong Learning Departments partnered with the Department of Workforce Services Mena Office to offer a community job fair. Over 20 organizations were represented and 165+ community members and students attended.

This was the first community job fair to be offered in many years and the employers and job seekers were both very appreciative of the efforts. RMCC and DWS look forward to future partnership opportunities that will benefit the service area.
