

Update for Lifelong Learning Summer Classes

Computer Basics

WFC082-lec-01

Instructor: T. Odom

Tuesday; July 19th-August 16th

6-9 PM

Room 112

Text book is available in the RMCC Bookstore.

Computer Basics is a foundation course in computers; an excellent class designed for students with little or no computer experience. Course content will include mouse skills, computer concepts, internet basics, Windows 7, introduction to word processing using Microsoft 2010, as well as, email basics. Computers can be fun and productive but for the newbie (novice) computers can be confusing, frustrating, and downright intimidating. Enroll today and discover how easy it is to learn the basics, and become more confident and empowered with your computer.

Introduction to Aircraft Painting

LIT131-lec-01

C. Crider

Thursday; June 2nd - June 30th

6-9:00 PM

MAC (Mena Aviation Complex)

Introduction to Aircraft Painting is a must for anyone interested in a career within the aircraft refurbishment industry, at the airport, or for anyone already employed in the aviation industry wishing to improve or add to their skills. Classes will be held one night a week for five weeks at the airport and scholarships are available.
