

## Mabry Receives Presidential Transfer Scholarship

Jessica Mabry, a graduate of Rich Mountain Community College, has been awarded a Presidential Transfer Scholarship to Henderson State University.

In speaking of her decision to attend RMCC, Mabry stated “My college experience at RMCC has been like none other. I love meeting people, going to college has really helped me grow as an individual, it has allowed me to be more responsible, and it has allowed me to believe in myself more. I now know I am capable of anything I set my mind on. I don’t know where I would be if I had not chosen college. Graduating and transferring is exciting and a little bit scary, but I know that my time at RMCC has prepared me well to move on to the next phase of my education.”

Presidential transfer scholarships to various universities in Arkansas are available to RMCC graduates on a competitive basis through a comprehensive application process. Mabry was one of four recipients of transfer scholarships at RMCC this year.
