

RMCC Career Pathways Exceeds Performance Goals

RMCC's Career Pathways (CP) program recently received word they met and exceeded all their performance goals for the recent reporting cycle.

The program is designed to improve the earnings and help provide postsecondary education to obtain employment in high wage, high demand jobs for Arkansas' low-income, TANF-eligible adults. Career Pathways is also able to assist with college tuition, transportation expenses, and childcare for eligible participants.

Career Pathways information can be obtained by calling 479-394-7622 and asking to speak with Charlotte Wiles, CP Director; Lura Powell or Tammy Odom, CP counselors; or Amanda Epperson, CP Assistant.
