

## RMCC Campus Adds New Outdoor Signs

RMCC's Mena campus has several new outdoor signs on campus thanks to Higher Education Bond funds.

In 2008, The Arkansas Higher Education Coordinating Board approved \$1,250,000 for RMCC Campus Improvement projects. This included Campus site improvements (new parking lot and related driveway entrance and related landscape improvements), the renovation of the Maddox and Abernathy areas to provide a 'one-stop' student center in the Tower Room area, some renovation in the Nursing area, and new classroom furniture in these related areas.

According to Brenda Gillogly, RMCC VP of Administration, "With the unrestricted budget (funding for salaries, curriculum and building needs) so tight the past several years, we are very blessed to have these bond funds approved to be used in this manner. It helps keep our Campus a beautiful and inviting environment not only to attract students and the community to our Campus, but to have an attractive environment in which to work. Without these funds, we would not have been able to accomplish all of these extras."
